ABOUT US

Dev Club is a new student organization founded at Hult International in 2021. Our mission is to advance our members' education by implementing real experience along with studying the same topics in the classroom. We anticipate to have guest speakers from industries related to our major from Instacart, Google, Square, The Atlantic, and more.

EVENTS

All events at this time are TBA (to be announced) until board members are decided and members request their desired events. Some events may be networking workshops, mock interviews, resume workshops and coding projects to prepare members for future employment.
